I have spoken to Ben Millard as perhaps you have as well
We got a very favourable ruling considering precedent on such matters
However it s far from over I believe that this is a big part of the final battle
Along with the family s case and a submission to the corporate and
Consumer affairs dept
For me there is a lot of money and pride at stake for most of you it is your
Life your reputation as well as your livelihood
We should win if we do not it will be because of our own shortcomings
Either in not sticking together or in not giving it our complete attention
I agree with Ben Millard that we each need to review EVERY WORD AND
EVERY PICTURE on ritchie s website In ever instance that we see an
Opportunity to prove Ritchie wrong we must document the proof carefully and
Completely
If we know the truth ourselves document it If we know of others that know the truth
Pressure them until they document it
If you know a statement is wrong show the proof if you can prove the authenticity of a
Painting that is or was on the website show the proof
I am happy to act as the central point to receive catalogue and prepare the evidence
For Ben Millard If anyone else wants the job please speak up
To do it this way will keep the legal fees to a minimum and if we do it right this will
End sooner not later
I have just seen the work undertaken by Joe Otavnik and it is nearing completion
It contains much of the documentation we need for this case and while Joe is not
On the roster of plaintiffs for this case his time effort and financial cost will probably
Exceed each of our shares
The holidays will reduce the seven weeks or so we have to prepare for the next
Round so please start as soon as possible give it your best
Welcome your comments and ideas again sooner rather than later
I have included Christian and Wolf morrisseau as I know they have information
Of value I will outline the type of truthfull statement I believe they can provide which
Will be of benefit to this case and possibly to the family s case as well Other family
Members may also wish to provide evidence to refute ritchie s claims

Call me what you want but please call me
Thanks
