re: the Heartfelt Project

Honourable Minister Eves;

As to the recommendation of Isabel Bassett's office, we are forwarding this brief proposal to you for your consideration in regard to the use of PST funds to be accrued from the sale of "Candle in the Wind".

It is our view that public opinion will fully support an Ontario wide, community based initiative that is:

- already linked in some way with Diana, Princess of Wales and which respectfully honours her memory;
- reflective of the views and interests of all the people of Ontario;
- creating an opportunity for the people of Ontario to meaningfully demonstrate their respect, tangibly express their loss, and reach out with empathy to others;
- uplifting and conveys a message of hope for the future;
- effective in its direct impact on the lives of Ontarians.

Further, it is our view that the project which is selected should be reflective of the policies and leadership of this government. It is our understanding that the project contained herein, is fully reflective of the above criteria and, if fostered, can bestow rich benefits upon the people of Ontario, and by extension upon the people of Canada, for many generations to come.

Minister Eves, thank you for the time and consideration you, your honourable colleagues and your staff have afforded this brief proposal. We will, of course, be pleased to make ourselves available to answer the many questions which will need to be answered.

Sincerely,

Sandra Broudy
Heartfelt Project MCC Project Manager
and
Chair, Resource Development
The Millennium Council of Canada (MCC)

Ritchie Sinclair
The Heartfelt Project
