

MEDIA RELEASE

For immediate release:

A HEARTFELT REMEMBRANCE

10,000 red felt hearts will be given out to people attending the televised broadcast of the funeral of Diana, Princess of Wales, at the Skydome on Saturday, September 6, 1997.

Each one inch by one inch heart is a memorial emblem symbolizing the spirit of humanitarian love and compassion which the Princess exemplified during her brief lifetime.

This emblem reminds us that each one of us can carry Diana's shining legacy into the future, by performing simple acts of human kindness.

The Millennium Council of Canada has endorsed this project as one which can support and promote a positive identity for all humankind, as we each move together into the next Millennium.
