Dear Sir and Madam,

On October 28 2010 I searched out my name, "Ritchie Sinclair", on Google. Listed on page one of the search results I came upon a link to a web page containing a grossly defamatory article written about me.

This web page was located at

http://angloboerwarmuseum.com/Boer12w_fake_morrisseau.html. This website appears to be operated by Goldi Productions Ltd. which is a company that appears to be owned and operated by a Mr. John Goldi and Mrs. Joan Goldi of Mississauga Ontario.

The statements made about me on this website are false and defamatory. They expose me to contempt, hatred, bigotry and ridicule. The untrue statements made here harm my reputation as a human being, teacher and fine artist. They are extremely insulting, and accuse me of fraud and criminal activity. The statements on your website have caused me distress and have undermined my personal life, relationships and livelihood.

Furthermore it appears that these libelous statements were published maliciously and were meant to harm me.

Goldi Productions seems to pride and promote itself as a company that is "*Keeping Canadians - and the World - In Touch With Canada*". As such, these libelous comments about me were spread to Canadians and the World through your website. As a Canadian artist I rely on the support of the Canadian people. My reputation is very important to me. Moreover, I have family, children, associates and close friends who have been, and still may be, effected by these unlawful acts against me.

Added to this, I sued Mr. Joe Otavnik for harassment and the two of you appeared on his behalf on November 16 2010. As I have never met either of you before, I can only assume that Mrs. Goldi appeared as a witness for Mr. Otavnik to further defame me in Court with the groundless accusations that were published on your website, and that Mr. Goldi, who wrote

feverishly in the courtroom all day, was taking notes for a potential Goldi Productions documentary defaming me. One would surmise that documentary filmmakers would have a keen sense of duty with regard to properly validating information before publishing, but this has not been the case here.

Mr. Otavnik, who has already been convicted of criminal harassment, has also been charged by the Toronto Police with criminal harassment and assault against me. Furthermore Goldi Production's purported source of information that you have used to discredit me appears to have been written by Norval Morrisseau's estranged brother, "forger", Wolf Morrisseau, a man also convicted of criminal harassment. Your efforts on their behalf appear to be malicious in their intent, and as such I intend to act to protect my rights.

As of today's date your defamation against me is not evident on your "museum" website however I have no assurance that it will not again appear here or elsewhere, or that it is not being further disseminated in another fashion, including film. Furthermore, there has been no acknowledgment from Goldi Productions of this horrendous act against me, or apology published of any kind.

On November 16th 2010 in the Court foyer, in front of another witness, I asked Mrs. Goldi, "Are you Joan Goldi?" She answered, "Yes". I responded "What do you think you are doing publishing that?" She yelled "Shut Up!" and quickly stormed away. This provides me with little confidence in communicating outside the Court arena with Goldi Productions.

Therefore, this letter gives due notice of my intent to sue Goldi Production Ltd., Mr. John Goldi and Mrs. Joan Goldi, for defamation. Any settlement I consider must include a full public retraction of your article including a comprehensive apology, and a signed document disclosing any libel or slander against me disseminated by any other means, and the persons who received it..

Sincerely,

Ritchie "Stardreamer" Sinclair
Protege of Norval Morrisseau
