To whom it may concern:

My name is Wolf Morrisseau and I am the youngest brother to the late artist Norval Morrisseau. In the the time that i lived at the farm house near buckhorn Ontario, I did observe my older brother Norval painting and signing them on the back, i would have to say over a thousand paintings were painted and sold. Some of These paintings were sold in Curve lake Ontario, the people who owned the farm house that my brother Norval rented had a art gallery on Curve Lake First Nations. People from across canada would also come and buy his paintings, He also traded many paintings for his exotic tastes (ie.Furniture, Rugs, male companionship). My brother Norval enjoyed young male companionship and his favourite was mister Ritchie Sinclair. mister Sinclair would obtain companionship for my brother Norval from the streets of Toronto and many of them were transients, they would steal stuff from my brother Norval when he over indulged in too much alcohol. I also observed these male companions painting with my brother Norval on many occasions and i also remember cautioning them to never forge my brother Norvals paintings, i said this many times to them, and they just laughed at me and told me to mind my own business, I say these words honestly and truthfully.
